THE NATION ASKS QUESTIONS BUT WHAT IS
YOUR ANSWER?

No masterminds required, only your opinion on what the most popular answers are. You need to be fast AND accurate - get beaten to your first choice and it is gone. The more aligned your choices, the more points and cash you could win.

SPIN is an exciting new quiz show where mini-polls are submitted AND answered by our home viewers via our SPIN App.

“What should parents tell their kids not to waste? What is the most important thing to have in your wallet? Who is the country’s least popular politician?”

With 4 ranked options to every question, grab to best one to accumulate maximum points, avoid elimination and spin for cash. Be the last one standing and your jackpot and time limit for the final exciting game will be determined by just how well connected you are to the nation.

The show begins with 4 players, and reduces to 1 for our end game ... a single, factual question with 6 choices but the twist here is that the order IS definitive! If our end game player can order the 6 options correctly within their allotted time, they win big!
